

MediaJournal Release Plan

Product name: MediaJournal

Team name: Synergy

Team members: Savan Shahdoost-Rad (Product Owner), Cassady Latham,
Rivkah Young, Daniel Abedian

Release name: MediaJournal 0.5

Release date: 7/27/2017

Revision number: Revision 1

Revision date: 7/3/2017

High level goals

Be able to add movies to a Want to Watch list and see their information.

Be able to add movies to a Have Watched list with the same information.

We may be able to recommend or not recommend a movie in our Have Watched list.

We may be able to search for a movie by other criteria such as cast, or crew.

User stories for release

Sprint 1

- (5 story points) as a user I want the layout of ui elements in the app to be intuitive so I can easily find what I am looking for (? point)
- (2 story points) as a user I want to search for movie by title so I can add it to my lists
- (1 story point) as a user I want to remove a movie from my list of movies I want to watch/have watched to keep the list meaningful to me
- (1 story point) as a user I want to move a movie from one list to another to track which movies on my want to watch list have now been watched
- (3 story points) as a user I want to sort the movies on my want to watch/ have watched list so I can more intuitively view the list
- (3 story points) as a user I want the styling of the app elements to be pretty so I can enjoy using the app

Sprint 2

- (8 story points) as a user I want to receive a list of movies that match my search criteria so I can locate the movie I am interested in

- (3 story points) as a user I want to add movies [from search results page] to a list so I can track the movies I want to watch/have watched (1 point)
- (3 story points) as a user I want to view detailed information about movies in my search results so I can determine whether I want to add the movie to my lists (picture/trailer; year, rating, synopsis, cast/crew, length)
- (5 story points) as a user I want to view detailed information about movies in my want to watch/have watched list to remind myself about the movie

Sprint 3

- (3 story points) as a user I want to search for movie by various other criteria so I can add it to my lists
- (1 story point) as a user I want to rate movies I have watched to remind myself of what I thought of them
- (1 story point) as a user I want to comment on movies I have watched to remind myself of what I thought of them
- (5 story points) as a user I want to view a list of movies recommended to me based on my likes so I can find new movies to watch
- (3 story points) as a user I want to view detailed information about movies from my search results

Product backlog

A listing of all high level goals and user stories that were discussed in the release planning meeting, but which did not make it into the release. This can be used as a starting point for planning the next release as an independent study. If this section is empty, there should be an explanation for why this is the case.

- as a user I want to recommend movies I have watched to a friend so I can share my likes with friends
- as a user I want to view a list of movies that my friends have recommended to me so I can find new movies to watch
- as a user I want to search recommendations by various criteria so I can easily find what I am looking for
- as a user I want to sort the movies on my recommended list so I can more intuitively view the list
- as a user I want to create an online account so that I can have my user info stored on a server
- as a user I want to be able to add friends to my account so that I can easily share my likes with them

- as a user I want to be able to message my friends to chat with them about the movies on our lists
